ICMAC 2027

3rd IEEE International Conference On Microwave, Antennas & Circuits

Shaping the Future of RF, AI-Native Systems and Intelligent Connectivity

April 5-6, 2027

Information Technology University (ITU),
Lahore, Pakistan

About ICMAC 2027

ICMAC 2027 builds on the success of previous editions, bringing together **leading researchers, industry experts, and innovators** in microwave, antennas, circuits, and next-generation communication systems.

The conference provides a premier platform for **cutting-edge research, industry collaboration, and global networking**. Accepted papers will be submitted for possible inclusion in **IEEE Xplore**.

Call for Papers OPEN NOW!

Global Keynote
Speakers

Peer-reviewed
Papers · IEEE Xplore

Industry Sessions
& Exhibitions

Workshops &
Tutorials (AI, RIS,
Quantum, Radar)

Student & Young
Professionals
Activities

Women in
Engineering
Events

Gala Dinner &
Networking

Best Paper &
Student Paper
Awards

Key Themes

Antennas &
Propagation

Microwave & mm-
wave Systems

AI for RF &
Communications

6G, ISAC & Future
Networks

RF & Mixed Signal
Circuits

Metamaterials &
Metasurfaces

Biomedical & Sensing
Applications

Terahertz
Communications

Photonics &
Electrooptics

Quantum Circuits &
Computing

Printed &
Analog/Digital ICs

Semiconductor
Devices & Integrated
Circuits

Important Dates

Call for Papers Opens

01 Sep 2026

Paper Submission Deadline

31 Oct 2026

Notification of Acceptance

16 Dec 2026

Camera Ready Submission

01 Feb 2027
